

Welcome Back

We are glad you are with us to experience what Memorial House has to offer with so much surrounding beauty, amenities, and the opportunity to create memories that last a lifetime. We want to assure every guest that we are committed to the wellbeing of all at Memorial House. We are taking every precaution to ensure our conference center is safe. We are following federal health and safety guidelines as well as guidance from our state and local governments.

Cleaning & Disinfecting

Our housekeeping staff and cleaning company are trained on new sanitation protocols. Deep cleaning is enhanced with new cleaning techniques, using products and protocols that meet EPA guidelines and are approved for the use against viruses, bacteria, and other airborne pathogens

Particular attention will be paid to high-touch areas in common areas, including but not limited to: *door handles, trash receptacles, light switches, railings, tables, chairs, restroom faucets, sinks, soap dispensers, toilets, and counter tops.*

Additional hand sanitizer is provided throughout the house.

Please note, housekeeping staff will not automatically enter the building while guests are on the property. Please contact your group host for questions and concerns.

Dining Updates

All meals will be served from the steam tables by our staff. Personal condiments (including mustard, ketchup, salt/pepper, dressings, BBQ, hot sauce, creamers, sugar) will be available on your dining table. Entrance and exit into the serving area will be one-way.

Vegan, vegetarian, gluten free, and dietary allergy requests will be honored.
